**Project:** Compilation of *Start at the Source* Tools

**Description:** The purpose of this project was to identify and compile example ordinances, codes, standards, and specifications that provide for implementation of the site planning and design techniques promoted in BASMAA's 1999 *Start at the Source* manual. The scope included: 1) reviewing/researching and compiling innovative and effective examples of land development ordinances, codes, standards, and specifications developed throughout the nation; 2) developing abstracts for each example, and 3) preparing a user-friendly, menu driven handbook of the examples and abstracts.

**FY:** 99/00

**Overseer:** New Development Committee

**Contracting Agency:** BASMAA

**Contractor:** EOA

**Budget:** \$15,000

**Status:** Done

**Deliverable(s):** *Start at the Source* Tools Handbook (June 2000)
