

B A S M A A

- Project:** Maintenance of Special Studies List, Abstracts, and Annotated Bibliography
- Description:** Maintenance of the Annotated Bibliography included: prompting stormwater program representatives for their latest information; receiving abstracts and new reports from respondents; adding abstracts to the Annotated Bibliography and revising the table of contents, index, and acronyms and abbreviations accordingly; making copies of the updated Annotated Bibliography and distributing it to stormwater program representatives and other interested individuals of the BASMAA Monitoring Committee, and the UC Berkeley Water Resources Library; and transmitting copies of completed study reports received to BASMAA for inclusion in their library.
- Maintenance of the special studies list included: updating the list based on information gathered as described above, and making copies and distributing it to stormwater program representatives and other interested individuals of the BASMAA Monitoring Committee.
- FY:** 97/98
- Overseer:** Monitoring Committee
- Contracting Agency:** BASMAA
- Contractor:** San Francisco Estuary Institute (SFEI)
- Budget:** \$1,000
- Status:** Done
- Deliverable(s):** BASMAA Library of Special Studies; Updated *Annotated Bibliography of Special Studies* (September 1998)
