**PART B - ITEMS THAT STILL HAVE QUESTIONS AS TO WHETHER OR NOT THEY SHOULD GO ON LIST. A “?” means AI hasn’t been identified yet.**

Alaska All Purpose Plant Food	NO ( <i>fast release fertilizer</i> )
Alaska Fish Fertilizer	Organic ( <i>I added this to Part A. I think I forgot to put this on before. There’s an Atlas Fish Fertilizer there and I took it off as I think it was supposed to be Alaska. I could put it back on if it’s supposed to be there as well. Should it be?</i> )
BioCare Spider Trap	Do we want to promote killing spiders?
Bobcat urine	Bobcat urine
Bonide Fung-Oil	NO ( <i>toxic</i> )
Bonide KLEEN-UP	NO ( <i>similar to round-up – glyphosphate</i> )
Compost	Various types (e.g. chicken manure) Do we want to put compost on the “A” list or “C” list or “no list”?
Dyna Grow	Neem Oil ( <i>NOT REGISTERED IN CA</i> )
E.B. Stone: ph Adjustor Plus	?
Enforcer Over-Nite Flea Trap	? ( <i>Not listed in flea fact sheet</i> )
Enforcer Over-Nite Flea and Insect Trap	?
Finale	NO ( <i>Glufosinate-ammonium</i> )
Fox Farms Fertilizers	Organic fertilizer ( <i>Not sure this should be on the Part A list. I took it off. The label says it has rock phosphate and requires a Prop 65 warning label. Is this a problem? It affects all purpose, premium lawn, tomato/vegetable and Jump Start that I know of They also have Marine Cuisine – time-released and organic based. Another is “Pride” – an all purpose fertilizer that contains bat guano and worm castings, etc. Two products that may be fine are Bat Guano and Steamed Bone Meal – both are organic. There’s also Big Bloom – a liquid plant food concentrate that is organic and made from earthworm castings and bat guano.</i> )
Giant Destroyer (for gophers)	NO ( <i>fumigant bomb</i> )
Grow More E Z Wet Soil Penetrant	?
Grant Gopher Killer	NO ( <i>Zinc Phosphide</i> )
Grant’s Stump Remover	NO ( <i>toxic</i> )
GreenAll Product: F.S.T.	NO ( <i>not organic</i> )
GreenAll: Care, Citrus & Avocado, Fruit & Vine, Rose & flower, Tom & Veg (All say slow-release on label)	NO ( <i>part chemical and only part organic</i> )
Greenlight Super Bloom	NO ( <i>not organic or encapsulated</i> )
Hinder Deer & Rabbit Repellent	Ammonium soaps of higher fatty acids
Hot Shot No Pest Strip	NO ( <i>lets off toxic fume</i> )
J.T.Eaton Kills Gophers	NO ( <i>toxic</i> )
J.T.Eaton Stick-Em	Glue board?

Lilly/Miller Microcop Tablets	NO ( <i>Basic copper sulphate</i> )
Liquid Fence Speedy Gro	Organic kelp seaweed?
MaxSea Products	NO ( <i>chemical fertilizer - not organic</i> )
Monterey Sucker-Stopper	?
Oak Stump Slug Lure	?
Organa Liquid Ground Treatment	Juice extracts?
Pest No More Spider Trap	Baited trap (Do we want to include harming spiders?)
Rescue Fly Trap Attractant	?
Repellex No-See-Em (for mosquitoes)	Lemon grass oil, citronella oil, peppermint oil, geraniol, sodium lauryl sulfate (What do we want to do about mosquito repellents?)
Repellex Systemic Tablets	NO ( <i>Bill from BIRC said this is a marginal product. Fairly high acute toxicity – margin of safety is that it’s bitter and most mammals won’t eat it. Acute toxicity similar to diazinon and more toxic than malathion.</i> )
Rode-trol Rats & Ground Squirrels	Annie sent Bill a study ( <i>Bill said while it has low env impact, a BIRC advisor that works for the NY Dept of Health it might kill an occasional rate but wouldn’t work reliably for rat control.</i> )
Safer All Purpose Fertilizer	NO ( <i>chemical – not organic</i> )
Safer Fish Emulsion	?
Safer Landscape Plant Starter	NO ( <i>not organic</i> )
Safer Oxygen Plus	NO ( <i>not organic</i> )
Safer Weed Away	NO ( <i>contains 3 chemical herbicides</i> )
Scott’s Slow Release Plant Food (for Rose & Bloom and for Flower & Veg)	NO ( <i>blended with chemical fertilizer</i> )
Shake Away	Coyote urine
Sonic Mole Chaser	Electronic repeller ( <i>general wisdom is they are ineffective</i> )
Spectracide Terminate	BILL – Since success of ALL products are dependent on how they are used, should we include this one?
Spring Star Earwig Trap	Trap?
Sustane	Composted poultry litter (LIST UNDER COMPOST?)
Victor Products:	
Blackhole	Gopher Trap
Mosquito Barrier	BILL? - Garlic, potassium sorbate (or just garlic)
